Booking & baby care

BOOKING AND PAYMENT

A 50% booking payment reserves the agreed appointment. The balance is due immediately after the session, before editing and delivery. The date is confirmed when payment is received.

A GENTLE SESSION

A parent or guardian must remain with the baby. We allow reasonable pauses for feeding, changing and settling. The photographer may change a planned pose or stop a setup if the baby is uncomfortable.

OUTFITS, PROPS AND HYGIENE

Please bring outfits, feeding and changing essentials, and any personal props you want considered. Studio backdrops and reusable items are cleaned between sessions. Props or poses that cannot be used comfortably may be omitted.

ARRIVAL AND RESCHEDULING

Please arrive on time or message us if delayed. A 15-minute grace period applies; a longer delay may reduce shooting time or require a new slot. If the baby is unwell, contact us promptly to arrange one new date subject to availability.

DELIVERY PERIOD

The stated turnaround applies to digital photographs. It begins after the session, full payment and any agreed image selection. Printed keepsakes, where included, are arranged separately and may take longer.

ADDITIONAL IMAGES

Extra edited photographs cost GH¢35 each. Additional prints, outfits, setups or a separate family portrait are quoted before they are added.

RAW FILES

Unedited raw photographs are not part of a package. A complete set of raw photos may be purchased for GH¢300 by the parent or guardian, subject to availability and a separate agreement.

USE OF IMAGES

The studio will request the parent or guardian's written permission before posting identifiable baby images on its website or social media. Booking a session does not by itself grant publication permission.

Contact & booking

A CLEAR AGREEMENT

By paying the booking amount, the parent or guardian confirms the chosen package, appointment and payment schedule. The stated photo count refers to the finished images delivered. Every booking covers one baby; additional people require a separate arrangement.

PREPARING FOR THE VISIT

Share your baby's age, the occasion and any outfit or simple theme ideas before the session. We will confirm a suitable studio slot and the items to bring. We can pause or adjust the shoot to keep the experience comfortable.
